THE PROMPTS

86 total

01 Act as an academic researcher. Help me define a clear research question for my topic [TOPIC - e.g., impact of AI on education] focused on [ANGLE - e.g., K-12 teachers] that is specific and researchable.

02 Generate 5 potential thesis statements for my research paper on [TOPIC - e.g., climate change policy] arguing [POSITION - e.g., need for renewable subsidies] with supporting angles.

03 Create a comprehensive literature review outline for my research on [TOPIC - e.g., remote work productivity] covering key themes [THEMES - e.g., mental health, collaboration, performance].

04 Help me find research gaps in the existing literature about [TOPIC - e.g., intermittent fasting] based on these key studies: [PASTE ABSTRACTS OR SUMMARIES].

05 Act as a research methodology expert. Suggest the best research methodology [QUALITATIVE/QUANTITATIVE/MIXED] for studying [RESEARCH QUESTION] with sample size [SIZE] and justification.

06 Generate a list of 10 relevant keywords and search strings to use in databases like Google Scholar, PubMed, JSTOR for researching [TOPIC - e.g., emotional intelligence in leadership].

07 Create an annotated bibliography entry template and example for source [SOURCE TYPE - e.g., journal article, book chapter] about [TOPIC] in [CITATION STYLE - e.g., APA, MLA].

08 Help me critically evaluate this research paper [PASTE ABSTRACT OR TITLE] for credibility, methodology, bias, and relevance to my topic [MY TOPIC].

09 Act as a peer reviewer. Provide constructive feedback on my research introduction [PASTE INTRODUCTION] for topic [TOPIC] - check clarity, hook, and research gap.

10 Generate 10 interview questions for my qualitative research on [TOPIC - e.g., student experiences with online learning] for participant group [GROUP - e.g., university students].

11 Create a survey questionnaire with 15 questions (mix of Likert, multiple choice, open-ended) for my research on [TOPIC - e.g., workplace satisfaction] targeting [AUDIENCE].

12 Help me design a data collection plan for my research on [TOPIC] including timeline [TIMELINE], tools [TOOLS - e.g., surveys, interviews], and ethical considerations.

13 Act as a research assistant. Summarize this article [PASTE TEXT OR ABSTRACT] into a 150-word summary highlighting research question, method, findings, and implications for [MY RESEARCH].

14 Generate a side-by-side comparison table of 5 key studies on [TOPIC - e.g., meditation and anxiety] with columns: author, year, method, findings, limitations.

15 Help me paraphrase this complex paragraph [PASTE PARAGRAPH] about [TOPIC] into clear, original academic language while retaining meaning and adding citation placeholder.

16 Create a research proposal outline for [TOPIC - e.g., AI in healthcare diagnosis] including problem statement, objectives, literature review, methodology, timeline, and budget section.

17 Act as a citation expert. Help me format these 5 sources [PASTE SOURCES] into correct [APA 7th/MLA 9th/Chicago] bibliography format.

18 Generate a conceptual framework diagram description for my research linking variables [VARIABLE A - e.g., social media use] and [VARIABLE B - e.g., self-esteem] with mediating factor [MEDIATOR].

19 Help me write a compelling abstract for my research paper on [TOPIC] with findings [KEY FINDINGS] in under 250 words following structure: background, method, results, conclusion.

20 Create a checklist for ensuring my research on [TOPIC] avoids plagiarism, includes proper citations, and maintains academic integrity.

21 Act as a summarization expert. Summarize this long academic article [PASTE TEXT] into 5 bullet points: main argument, evidence, methodology, key findings, and limitations.

22 Generate a TL;DR summary of this research report [PASTE REPORT] for a non-academic audience [AUDIENCE - e.g., business managers, general public] in simple language.

23 Help me summarize this 20-page document [PASTE OR DESCRIBE DOC - e.g., market research report, policy paper] into a one-page executive summary with headings.

24 Create a chapter-by-chapter summary of book [BOOK TITLE - e.g., Thinking Fast and Slow] focused on insights relevant to [MY TOPIC - e.g., decision making].

25 Act as an analyst. Summarize these 10 customer reviews/articles [PASTE REVIEWS/TEXTS] about [PRODUCT/TOPIC] into common themes, positives, negatives, and overall sentiment.

26 Generate a literature review synthesis paragraph that combines findings from these 3 sources [PASTE SUMMARIES] about [TOPIC - e.g., benefits of exercise] showing agreement and contradiction.

27 Help me create a concise summary of this YouTube lecture transcript [PASTE TRANSCRIPT] on [TOPIC] into key takeaways with timestamps.

28 Create a structured summary of this news article [PASTE ARTICLE] on [TOPIC] using format: who, what, when, where, why, and implications.

29 Act as a research summarizer. Turn this dense technical paper [PASTE ABSTRACT] about [TECHNICAL TOPIC - e.g., quantum computing] into a summary a 12-year-old could understand.

30 Generate an abstractive summary of these 5 articles [PASTE ARTICLES OR LINKS DESCRIPTION] on [TOPIC] into a unified 300-word overview highlighting consensus and gaps.

31 Help me summarize interview transcripts [PASTE TRANSCRIPT EXCERPT] from my research on [TOPIC] into codes, themes, and representative quotes.

32 Create a comparative summary of two opposing viewpoints on [DEBATABLE TOPIC - e.g., universal basic income] - View A [AUTHOR A] vs View B [AUTHOR B] with neutral tone.

33 Act as a note-taking assistant. Convert this long lecture/article [PASTE TEXT] into Cornell notes format with cues, notes, and summary sections for [TOPIC].

34 Generate a quick reference summary sheet for exam revision on topic [TOPIC - e.g., cognitive behavioral therapy] with definitions, theories, key studies, and examples.

35 Help me summarize my own research findings [PASTE FINDINGS] into a compelling discussion section linking back to literature [LITERATURE THEMES].

36 Create a visual summary description (like an infographic text outline) for research on [TOPIC - e.g., causes of burnout] with 5 key stats and takeaways.

37 Act as a critical analyst. Analyze the arguments in this opinion article [PASTE ARTICLE] about [TOPIC] - identify claims, evidence quality, logical fallacies, and bias.

38 Generate a SWOT analysis of the research methodology used in this paper [PASTE METHODOLOGY SECTION] studying [TOPIC - e.g., diet and health].

39 Help me analyze qualitative data: Categorize these 20 survey responses [PASTE RESPONSES] about [TOPIC - e.g., remote learning challenges] into 4 themes with examples.

40 Create a content analysis framework for analyzing [CONTENT TYPE - e.g., social media posts, news articles] about [TOPIC - e.g., climate change] with coding categories.

41 Act as a statistical interpretation assistant. Explain these research results [PASTE RESULTS - e.g., p=0.03, r=0.65] in plain language for my paper on [TOPIC] without overstating.

42 Generate a research limitations section for my study on [TOPIC] with sample [SAMPLE - e.g., 50 students] and method [METHOD - e.g., online survey] - be honest and constructive.

43 Help me write a discussion section that connects my findings [FINDINGS - e.g., exercise improves focus] to existing theory [THEORY - e.g., self-determination theory] on [TOPIC].

44 Create a future research directions paragraph based on my study about [TOPIC] that found [FINDING] but didn't explore [UNEXPLORED AREA].

45 Act as an academic writing coach. Improve the clarity and flow of this literature review paragraph [PASTE PARAGRAPH] about [TOPIC] while keeping citations.

46 Generate 10 research title options for my paper on [TOPIC - e.g., effects of sleep on memory] that are catchy, clear, and SEO-friendly for academic databases.

47 Help me create a research timeline Gantt chart description for a 6-month project on [TOPIC] with phases: proposal, data collection, analysis, writing, review.

48 Create a consent form template for my research involving [PARTICIPANTS - e.g., human subjects, interviews about sensitive topic] for study on [TOPIC].

49 Act as a fact-checker. Verify claims in this draft paragraph [PASTE PARAGRAPH] about [TOPIC - e.g., history, science] and flag what needs citation or correction.

50 Generate a list of 15 credible sources (journal types, databases, organizations) to research [TOPIC - e.g., renewable energy economics] excluding blogs and Wikipedia.

51 Help me brainstorm 10 sub-topics to narrow down my broad topic [BROAD TOPIC - e.g., artificial intelligence] into a manageable research focus for [PAPER LENGTH - e.g., 3000 words].

52 Create a research question matrix for [TOPIC - e.g., social media and mental health] with descriptive, explanatory, and exploratory question examples.

53 Act as a summarization trainer. Teach me how to summarize any article in 4 steps: read, identify thesis, extract key points, write in own words - give example with [TOPIC].

54 Generate a meeting summary template for research team meetings about [PROJECT - e.g., thesis project] including decisions, action items, and next steps.

55 Help me summarize this podcast episode transcript [PASTE TRANSCRIPT] about [TOPIC - e.g., productivity science] into show notes with key insights and quotes.

56 Create a policy brief summary of academic research [PASTE RESEARCH SUMMARY] on [TOPIC - e.g., education inequality] for policymakers with recommendations.

57 Act as a research librarian. Help me organize my 20 sources on [TOPIC] into themes [THEMES - e.g., causes, effects, solutions] using a matrix.

58 Generate a one-paragraph elevator pitch summary of my research on [TOPIC] that explains why it matters to [AUDIENCE - e.g., funding committee, general public].

59 Help me turn my messy research notes [PASTE NOTES] on [TOPIC] into a structured outline with headings, subheadings, and source links.

60 Create a comparative literature table for systematic review on [TOPIC - e.g., e-learning effectiveness] with inclusion/exclusion criteria [CRITERIA].

61 Act as an analysis assistant. Identify the independent, dependent, and control variables in this study description [PASTE DESCRIPTION] about [TOPIC].

62 Generate a research ethics self-assessment checklist for my study involving [METHOD - e.g., interviews with minors] on sensitive topic [TOPIC].

63 Help me write a strong conclusion for my research paper on [TOPIC] that summarizes [KEY FINDINGS], states implications, and ends with thought-provoking statement.

64 Create a presentation outline for defending my research on [TOPIC] with slides: intro, lit review, method, findings, discussion, Q&A preparation.

65 Act as a summarization expert. Summarize this legal/academic document [PASTE DOCUMENT] of [LENGTH - e.g., 10 pages] into 10 key points for quick review.

66 Generate a meta-analysis style summary combining results from these 3 studies [PASTE FINDINGS] on [TOPIC - e.g., effect of breakfast on academic performance].

67 Help me create a research diary template to track daily progress, challenges, ideas, and reflections for my project on [TOPIC] over [TIME FRAME].

68 Create a FAQ document summarizing common misconceptions about [TOPIC - e.g., vaccines, cryptocurrency] based on research evidence [SOURCES TYPE].

69 Act as an editor. Check my summary [PASTE SUMMARY] of article [ARTICLE TITLE] for accuracy - does it misrepresent, miss key nuance, or add unsupported info?

70 Generate a research impact statement for my study on [TOPIC] explaining practical applications for [FIELD - e.g., education, business, healthcare].

71 Help me summarize open-ended survey data: Create a word cloud description and thematic summary for responses about [QUESTION - e.g., what motivates you] from [GROUP].

72 Create a literature gap analysis paragraph that shows what we know, what we don't know, and why my research on [TOPIC] fills that gap using sources [SOURCES].

73 Act as a research communicator. Turn this academic abstract [PASTE ABSTRACT] about [TOPIC] into a LinkedIn post that is engaging and accessible to professionals.

74 Generate a structured book review outline for [BOOK TITLE] about [TOPIC] with summary, strengths, weaknesses, and who should read it.

75 Help me design a coding scheme for thematic analysis of [DATA TYPE - e.g., interview transcripts, journal entries] about [TOPIC - e.g., coping with stress].

76 Create a quick fact sheet summarizing key statistics and findings about [TOPIC - e.g., global literacy rates] from reputable sources [SOURCE TYPES] with citations.

77 Act as a research mentor. Give me 5 strategies to stay organized when managing 30+ sources for my thesis on [TOPIC] including tools [TOOLS - e.g., Zotero, Notion].

78 Generate a peer feedback request email for my research draft on [TOPIC] to send to professor [PROFESSOR TYPE] asking for specific feedback on [SECTION - e.g., methodology].

79 Help me create a visual literature map description showing how 10 key authors on [TOPIC - e.g., leadership theories] connect and influence each other.

80 Create a summary of conflicting evidence on [TOPIC - e.g., does homework improve learning] presenting both sides fairly with source quality assessment.

81 Act as a data analysis helper. Suggest 3 visualization types (e.g., bar chart, thematic map) for presenting my research findings [FINDINGS TYPE - e.g., survey results, interview themes] on [TOPIC].

82 Generate a research log entry for today about my progress on [TASK - e.g., reading 3 articles] related to [TOPIC] with what I learned and next steps.

83 Help me write a press release style summary of my research on [TOPIC] finding [KEY FINDING] that is accurate, non-sensational, and newsworthy for [AUDIENCE].

84 Create a final proofreading checklist for my research paper on [TOPIC] covering structure, citations, grammar, argument flow, and formatting for [STYLE GUIDE].

85 Act as a research synthesis expert. Combine my notes from [NUMBER] sources on [TOPIC] into a coherent 500-word literature review draft with proper transitions.

86 Generate a one-page research one-pager for topic [TOPIC - e.g., benefits of mindfulness at work] for busy executives with problem, research, and recommendation.
