THE PROMPTS

144 total

1 Prompt 1

Act as an expert e-commerce copywriter and write a product description for a handmade soy candle for a Shopify store, including scent notes, burn time, materials, ideal room placement, who it is perfect for, and a gentle care tip, in a warm inviting tone that encourages adding to cart without exaggerated claims.

2 Prompt 2

Create a compelling product title and subtitle for a minimalist linen tote bag, focusing on everyday use, durability, sustainable materials, and versatility for work and weekend, with 5 variations that are keyword friendly and appealing to eco conscious shoppers browsing on mobile.

3 Prompt 3

Write a detailed product FAQ for a wool throw blanket sold online, answering questions about size, weight, washing instructions, shedding, whether it is itchy, pet friendly use, and shipping, in a reassuring helpful tone that reduces hesitation before purchase.

4 Prompt 4

Generate a comparison section for a product page selling reusable silicone food covers versus plastic wrap, highlighting durability, safety, cleaning ease, storage benefits, and environmental impact, written in educational neutral language that helps shoppers decide confidently.

5 Prompt 5

Create 10 bullet points highlighting benefits for a product page about a bamboo cutting board set, each bullet should be short, benefit driven, address common concerns like knife marks and odor, and be optimized for shoppers who skim quickly on product pages.

6 Prompt 6

Write a persuasive above the fold product page intro for a ceramic coffee mug set for couples, opening with a relatable morning moment, what makes the mugs special, how they feel in hand, and why they make a thoughtful gift, without making unrealistic health promises.

7 Prompt 7

Draft a size guide explanation for an online clothing store selling oversized hoodies, explaining measurements, how to measure at home, fit expectations for different body types, shrinkage after washing, and how to choose between sizes for a relaxed or fitted look.

8 Prompt 8

Generate a bundle description for combining a yoga mat with a resistance band set and a water bottle, explaining how the bundle saves money, who it is ideal for, what workouts it supports, and how it helps beginners start a home routine without needing extra gear.

9 Prompt 9

Create a product description for a pet hair remover roller for furniture and clothes, including how it works, what surfaces it works on, how to clean it, how long it lasts, and ideal user scenarios for pet owners who want a quick tidy up before guests arrive.

10 Prompt 10

Write a story driven product description for a small batch handmade leather journal, covering leather texture, paper quality, stitching, how it ages over time, who it is perfect for, and how it can be used for journaling, sketching, and travel memories.

11 Prompt 11

Generate 5 different meta description options for a Shopify product page selling indoor hanging planters, each under 155 characters, keyword rich, benefit focused, inviting clicks from search without clickbait or misleading claims.

12 Prompt 12

Create a product page section that explains what is included in the box for a beginner sourdough bread baking kit, listing tools, ingredients, printed guide, and bonus video access, with clear quantities and purpose of each item to reduce pre purchase questions.

13 Prompt 13

Draft a product care and longevity guide for a stainless steel water bottle sold online, explaining daily cleaning, deep cleaning, avoiding dents, lid care, what drinks to avoid, and storage tips, written to help customers feel confident about long term use.

14 Prompt 14

Write a compelling product comparison table text for three versions of a phone stand for desk, highlighting material, adjustability, compatibility, portability, and price tier, helping shoppers quickly pick the right one for work from home or travel.

15 Prompt 15

Create a product description for a set of handmade wooden toys for toddlers, including materials, safety, age suitability, educational benefits, care, and storage, in a warm parent friendly tone that reassures about non toxic finishes.

16 Prompt 16

Act as a Shopify conversion specialist and write a detailed product page headline and subheadline for a weighted blanket for adults, focusing on cozy comfort, breathable fabric, restful evenings, and thoughtful design, with 5 variations that sound calming and trustworthy for first time buyers.

17 Prompt 17

Create 12 product description opening hooks for an online store selling handmade soap bars, each hook should be under 25 words, sensory driven, highlight natural ingredients, and designed to keep shoppers reading rather than bouncing, suitable for mobile product pages.

18 Prompt 18

Generate a complete product page outline for a smart LED strip lights for bedroom, including headline, key benefits, specs, installation steps, compatibility, safety notes, customer review prompt, and related products, optimized for easy scanning and conversion.

19 Prompt 19

Write a persuasive product page closing section that encourages adding a set of linen bedding to cart, summarizing comfort, breathability, easy care, available colors, and 30 day return reassurance, with a warm call to action that does not pressure or make false promises.

20 Prompt 20

Create 10 SEO friendly product title ideas for a Shopify store selling minimalist wooden watches for men and women, titles should include material, style, occasion, and gift angle, avoiding brand names and focusing on searchable terms shoppers actually use.

21 Prompt 21

Generate a detailed product specifications list for a portable mini projector for home movie nights, including resolution, brightness, connectivity, battery life, throw distance, speaker quality, and what is in the box, written in plain language for non technical shoppers.

22 Prompt 22

Draft a product page story section for a family owned coffee roaster selling single origin beans online, sharing sourcing approach, roast style, flavor notes, brew recommendations, and freshness promise, in a warm authentic tone that builds trust and connection.

23 Prompt 23

Write a set of 8 image caption ideas for product gallery images showing a ceramic planter from different angles, each caption should highlight a different feature like drainage hole, texture, size comparison, and lifestyle use to improve accessibility and engagement.

24 Prompt 24

Create a product page section addressing common objections for a high price handmade quilt, explaining time to make, materials, craftsmanship, heirloom quality, care, and why it costs more than mass produced alternatives, in a respectful educational tone.

25 Prompt 25

Generate 15 benefit focused bullet points for a product page about an ergonomic desk footrest for office workers, covering posture, comfort, material, adjustability, and suitability for long workdays, written for skimming shoppers who work from home.

26 Prompt 26

Write a product description for a set of reusable beeswax wraps as an alternative to plastic wrap, explaining materials, sizes included, how to use, how to wash, lifespan, and end of life composting, appealing to eco conscious families looking to reduce waste.

27 Prompt 27

Create a detailed product page FAQ for a handmade baby blanket sold on Shopify, answering questions about yarn safety, size, washing, gift wrapping, personalization options, shipping times, and how to handle sensitive skin, in a gentle reassuring tone for new parents.

28 Prompt 28

Draft a compelling limited edition product story for a seasonal pumpkin spice candle, explaining why it is seasonal, scent inspiration, small batch production, packaging, ideal gifting occasions, and how customers can be notified for future seasonal releases without urgency tactics.

29 Prompt 29

Generate 10 different call to action button text ideas for product pages selling sustainable activewear, ranging from soft to direct, suitable for testing conversion rates, all honest and action oriented without misleading language or false scarcity.

30 Prompt 30

Generate a set of 12 product page image alt text examples for a Shopify store selling linen aprons in different colors, alt text should be descriptive, include color, material, use case, and be helpful for accessibility and SEO without keyword stuffing or brand names.

31 Prompt 31

Act as a Facebook ads copywriter for e-commerce and write 5 variations of primary text for an ad promoting a linen apron for home cooks, each variation should highlight a different angle such as durability, comfort, pockets, style, and gifting, under 125 characters for mobile feed.

32 Prompt 32

Create a detailed creative brief for a product video ad for a collapsible water bottle for travel, including hook idea, 3 key benefits to show visually, lifestyle scenes, text overlay suggestions, music mood, and a clear call to action for Shopify store visitors.

33 Prompt 33

Write 10 attention grabbing ad headlines for a Shopify store selling handmade ceramic mugs, headlines should be short, benefit driven, suitable for carousel ads, and avoid exaggerated claims while appealing to gift shoppers and coffee lovers scrolling quickly.

34 Prompt 34

Generate a full ad set structure for launching a new collection of indoor plant pots, including campaign objective, 3 audience interests to test, 2 lookalike ideas, placement recommendations, budget split for testing, and 3 ad angles to rotate for learning what resonates.

35 Prompt 35

Create a TikTok style ad script for a reusable makeup remover pad set, including 3 second hook, problem demonstration, product demo, texture close up, washing clip, and closing with social proof prompt, written for authentic user generated style content for e-commerce.

36 Prompt 36

Write 8 different ad descriptions for Google Shopping ads for a bamboo toothbrush 4 pack, descriptions should be keyword rich, highlight eco benefits, soft bristles, compostable handle, family friendly use, and pack value, staying within character limits and policy.

37 Prompt 37

Generate a retargeting ad copy sequence of 3 ads for shoppers who viewed a wool beanie but did not purchase, first ad reminds of benefit, second shows social proof angle, third offers FAQ and free shipping reminder, all warm and helpful without pressure.

38 Prompt 38

Create a detailed influencer brief for promoting a handmade soy candle collection on Instagram, including key product points to mention, 3 content ideas, do and do not list for claims, hashtag suggestions, and how to disclose partnership honestly and clearly.

39 Prompt 39

Write a carousel ad copy for a Shopify store selling a 3 piece kitchen knife set, each card should focus on one knife use, material quality, handle comfort, and care tip, with a cohesive story across cards that educates while selling to home cooks.

40 Prompt 40

Generate 10 hook ideas for short form video ads for a pet bed for anxious dogs, hooks should be problem focused, emotional but not fear based, relatable for pet parents, and lead naturally into showing product comfort and washable cover benefits.

41 Prompt 41

Create a product launch ad email combined with ad copy for a new color drop of popular linen bedding, including teaser angle, reveal angle, lifestyle benefit angle, and last chance to shop angle, each with subject line and primary text for coordinated launch.

42 Prompt 42

Write a detailed ad testing plan for a Shopify store selling reusable grocery bags, including what to test in creative, copy, audience, placement, how long to run each test, what metric to watch, and when to scale or stop based on results, in plain language.

43 Prompt 43

Generate 5 different ad angles for promoting a bundle of yoga mat and blocks for beginners, including flexibility angle, home workout convenience, joint support, and gifting angle, each with headline, primary text, and visual suggestion for creative team.

44 Prompt 44

Create a concise ad script for a Pinterest video ad for a handmade macrame wall hanging, focusing on texture, boho home decor trend, handmade process glimpse, room transformation, and soft call to action to shop the collection on Shopify store.

45 Prompt 45

Write a detailed product page video script outline for a handmade quilt, including opening lifestyle shot, close up of stitching, drape and texture demo, size comparison on bed, washing demo, and customer testimonial voiceover suggestion, for a 45 second product video.

46 Prompt 46

Act as an e-commerce email marketing expert and write a 3 email welcome series for new subscribers to a Shopify store selling handmade candles, including email goals, subject lines, preview text, body outline, product recommendations, and soft call to action for first purchase.

47 Prompt 47

Generate a 5 email abandoned cart recovery sequence for a store selling linen bedding, each email should have different angle such as reminder, benefits, FAQ, social proof, and final check in, with subject lines, timing, and tone that is helpful not pushy or guilt tripping.

48 Prompt 48

Write a post purchase thank you email for a customer who bought a handmade ceramic mug, including gratitude, care instructions, how to get best use, request for review with guidance, and suggestion for complementary product like a coaster set, in a warm brand voice.

49 Prompt 49

Create a back in stock email template for a popular wool throw that sold out, including subject line ideas, how to build excitement, what details to include about quantity, how to encourage quick action without false urgency, and cross sell suggestions for similar colors.

50 Prompt 50

Generate a win back email series of 3 emails for customers who have not purchased in 90 days from a skincare shop selling natural soap, including check in angle, new arrivals angle, and feedback request angle, all friendly and respectful of inbox.

51 Prompt 51

Write a detailed product launch email sequence of 4 emails for a new collection of handmade planters, covering teaser, early access, launch day, and social proof follow up, with subject lines, key story for each, and clear calls to action that build anticipation.

52 Prompt 52

Create a shipping confirmation email that does more than confirm, including tracking link placement, what to expect, unboxing tip, care guide link, how to contact support, and a gentle prompt to follow on social media for styling ideas and community inspiration.

53 Prompt 53

Generate a review request email flow of 2 emails for a Shopify store selling reusable beeswax wraps, first email asking for quick rating and photo, second email reminding with incentive of care tips guide, both written to make it easy and not annoying.

54 Prompt 54

Write a cross sell email for customers who bought a cutting board set, suggesting a matching wooden utensil set, explaining why they go together, benefits of wood care, bundle discount mention, and how to add to order if shipping has not yet happened.

55 Prompt 55

Create a detailed educational email that teaches customers how to style a linen apron beyond cooking, including gardening, crafting, hosting, with 3 outfit ideas, care tips, and soft product link to matching oven mitt set for a complete kitchen look.

56 Prompt 56

Draft a holiday gift guide email for a Shopify store selling handmade home decor, grouping products by recipient type such as for host, for new home, for cozy lover, with short descriptions, price ranges, and gift wrapping option mention, without pressure tactics.

57 Prompt 57

Generate a pre launch waitlist email for a new color of a bestselling tote bag, explaining inspiration behind color, material, limited small batch nature, how waitlist works, when launch happens, and what waitlist subscribers get such as early access link.

58 Prompt 58

Write a low stock alert email that is honest and helpful for a popular handmade quilt, explaining small batch production, restock timeline if it sells out, alternative color suggestions, and how to join waitlist, avoiding false scarcity or misleading countdowns.

59 Prompt 59

Create a monthly newsletter template for a Shopify store selling indoor plants and pots, including sections for plant care tip of month, new arrivals, customer spotlight, behind the scenes, and community question, designed to build relationship not just sell.

60 Prompt 60

Write a detailed post purchase education series of 3 emails for customers who bought a sourdough starter kit, teaching how to feed starter, first loaf troubleshooting, and storage, building confidence and reducing support requests.

61 Prompt 61

Act as a Shopify store conversion expert and write a detailed homepage hero section copy for a store selling sustainable activewear for everyday movement, including headline, subheadline, primary button text, secondary button text, and supporting trust line about materials and shipping.

62 Prompt 62

Generate a collection page description for a Shopify collection of handmade ceramic dinnerware, including intro paragraph, what makes collection cohesive, ideal use cases, material and care notes, and internal linking suggestions to related collections like mugs and serving bowls.

63 Prompt 63

Write a product page trust badge section copy for a store selling baby blankets, including 4 trust points such as handmade with safe yarn, machine washable, gift ready packaging, and carbon neutral shipping, with short explanations that reassure new parents.

64 Prompt 64

Create a detailed about us page outline for a small family run candle shop on Shopify, including founder story, why soy wax, small batch process, sustainability efforts, community involvement, and thank you note, in a warm authentic tone that builds connection and trust.

65 Prompt 65

Generate a set of 10 microcopy improvements for a Shopify checkout page selling handmade soaps, including button text, error messages, shipping note, gift message field label, and reassurance text near payment, all friendly clear and reducing anxiety for first time buyers.

66 Prompt 66

Write a detailed FAQ page structure for a Shopify store selling wool beanies and scarves, grouping questions into shipping, sizing, materials, care, returns, and wholesale, with concise answers that reduce support tickets and improve confidence to purchase.

67 Prompt 67

Create a cart drawer upsell copy for a store selling reusable grocery bags, suggesting a matching produce bag set, explaining bundle benefit, additional cost, one click add, and why customers often buy them together for a complete plastic free shopping kit.

68 Prompt 68

Generate a product page comparison section copy for a Shopify store selling 3 types of yoga mats for beginners versus advanced, including thickness, grip, portability, best for, and price, helping shoppers choose without feeling overwhelmed by technical jargon.

69 Prompt 69

Write a detailed shipping and returns page copy for a handmade home decor store on Shopify, explaining processing times, carrier, tracking, international shipping, return window, condition for returns, refund timeline, and how to contact support, in clear reassuring language.

70 Prompt 70

Create a homepage social proof section copy for a store selling linen bedding, including headline, how to present star rating honestly, 3 testimonial prompts to feature, user generated content prompt, and trust line about verified reviews without making up numbers.

71 Prompt 71

Generate a collection filter and sorting UX copy for a Shopify store with many candle scents, including filter labels for scent family, size, price, burn time, color, and sorting options, with microcopy that helps shoppers narrow down quickly on mobile and desktop.

72 Prompt 72

Write a detailed product page cross sell section copy for a store selling cutting boards, suggesting mineral oil, board butter, and utensil set, with short why it pairs well explanations, care benefits, and bundle saving note, written to be helpful not pushy.

73 Prompt 73

Create a sticky add to cart bar copy for mobile product pages selling ceramic planters, including product title truncation, price display, stock note, button text variations for testing, and reassurance text like free shipping threshold or secure checkout.

74 Prompt 74

Generate a 404 page copy for a Shopify store selling handmade quilts, including friendly message, search bar prompt, links to bestsellers, new arrivals, and contact support, plus a small discount code for inconvenience that is honest and not misleading about error cause.

75 Prompt 75

Create a loyalty program description for a Shopify store selling handmade soaps and candles, explaining how points are earned, how to redeem, tiers, birthday perk, referral benefit, and how it thanks repeat customers without complicated rules or misleading point values.

76 Prompt 76

Act as an e-commerce retention strategist and write a detailed abandoned browse email for a customer who viewed a collection of linen aprons but did not view a specific product, including subject line, personalized product suggestions, styling inspiration, and soft call to action to explore bestsellers in collection.

77 Prompt 77

Create a subscription offer copy for a Shopify store selling coffee beans monthly, explaining how subscription works, frequency options, skip or cancel ease, freshness promise, savings versus one time purchase, and what happens if customer needs to pause, in transparent language.

78 Prompt 78

Write a detailed referral program email for a store selling reusable beeswax wraps, explaining how referral works, what friend gets, what referrer gets, how to share link, and thank you message, all honest and easy to understand for eco conscious customers.

79 Prompt 79

Generate a pre purchase quiz flow copy for a store selling indoor plants for beginners, including 5 questions about light, pet friendly needs, care time, style preference, and budget, with result page copy that recommends 3 plants with reasons why they match.

80 Prompt 80

Create a detailed back in stock notification signup confirmation page copy for a Shopify store selling handmade ceramic mugs, including what happens next, how often notifications are sent, alternative product suggestions while waiting, and how to join waitlist for other colors.

81 Prompt 81

Write a thank you page copy for after purchase of a handmade quilt, including order summary, what happens next, care guide link, how to share photos, invitation to community, and estimated delivery timeline, in a warm celebratory tone that reinforces good decision.

82 Prompt 82

Generate a set of 10 exit intent popup copy variations for a Shopify store selling linen bedding, each with headline, subtext, email field prompt, and button text, offering care guide or styling tips instead of aggressive discount, all respectful of user choice and privacy.

83 Prompt 83

Create a detailed customer win back survey for a store selling handmade home decor that has not seen repeat purchase, asking about product satisfaction, what would make them return, what products they would like to see, and open feedback, in a friendly non pushy tone.

84 Prompt 84

Write a product replenishment reminder email for a customer who bought handmade dish soap bars 45 days ago, reminding of typical usage timeline, how to tell when to reorder, bundle options, care tips to make bars last longer, and easy reorder link.

85 Prompt 85

Generate a detailed wholesale inquiry page copy for a Shopify store selling handmade candles to boutiques, including minimum order, pricing structure overview, lead times, shipping for wholesale, how to apply, and what kind of retail partners fit brand values best.

86 Prompt 86

Create a detailed gift message checkout field microcopy for a store selling ceramic planters and candles, including label, placeholder example, character limit note, where message appears, and reassurance that message is handwritten style printed card, not affecting returns.

87 Prompt 87

Write a customer review response template set for a store selling wool blankets, including responses for 5 star, 4 star, 3 star, and 1 star reviews, each warm, professional, solution oriented, and inviting further conversation offline when needed, without defensive language.

88 Prompt 88

Create a detailed product page image alt text for a Shopify store selling a wool throw, describing color, texture, size, styling, and material in a natural way that helps accessibility and SEO without keyword stuffing or brand names.

89 Prompt 89

Generate a set of 10 blog post titles that naturally support SEO for a Shopify store selling indoor plants and handmade planters, titles should answer common beginner questions about watering, light, pet safe plants, and styling, linking to product collections.

90 Prompt 90

Write a detailed product page image brief for a photographer shooting a linen apron collection for Shopify, including shot list for flat lay, on model, detail, lifestyle, fabric texture, pocket close up, and tie back, plus lighting and background guidance for consistent look.

91 Prompt 91

Act as a product page copywriter and write a detailed product description for a set of stainless steel straws with cleaning brush and pouch, including what is included, material safety, cleaning steps, portability, who it is good for, and how it fits into low waste lifestyle for families on the go.

92 Prompt 92

Create a detailed product page section for explaining handmade variations for ceramic mugs, helping customers understand glaze differences, size slight variations, why it is part of charm, how to expect uniqueness, and how quality control ensures functionality remains consistent.

93 Prompt 93

Generate a set of 8 FAQ answers for a product page selling a wool dryer ball set for laundry, answering questions about how many to use, how long they last, noise, pet hair, essential oil use, and storage, in a helpful educational tone for eco conscious shoppers.

94 Prompt 94

Write a product page intro for a minimalist wall shelf made from reclaimed wood, opening with organization pain point, describing wood character, bracket style, weight capacity, installation ease, and styling ideas for living room, bedroom, and entryway.

95 Prompt 95

Create a detailed product page section for a Shopify store selling a set of 3 linen napkins, including material, size, color options, washing instructions, crease expectations, and how they elevate everyday meals and special gatherings without requiring ironing.

96 Prompt 96

Draft a product page trust section for a handmade soap shop, including 4 points about small batch production, natural ingredients, cruelty free, plastic free packaging, with short explanations that build confidence for first time buyers concerned about sensitive skin.

97 Prompt 97

Generate 10 product title variations for a Shopify store selling a handmade macrame plant hanger, titles should include material, length, indoor use, boho decor angle, and gift suitability, optimized for search and mobile readability without brand imitation.

98 Prompt 98

Write a product description for a set of hand poured incense cones for meditation, including scent profile, burn time, materials, safety tips, ideal use moments, and packaging that keeps cones protected during shipping for online orders.

99 Prompt 99

Create a detailed product page upsell description for adding a matching saucer to a ceramic planter purchase, explaining size match, drainage benefit, material consistency, color match, and how it protects furniture, written to be helpful not pushy for plant lovers.

100 Prompt 100

Generate a detailed product page schema markup content in plain language for a Shopify product page selling linen bedding, explaining what fields to fill for title, description, price, availability, reviews, and how it helps search visibility, written for non technical store owners.

101 Prompt 101

Write a detailed guide for writing product descriptions that convert for a Shopify store selling handmade ceramics, covering tone, sensory language, benefit versus feature, addressing objections, length, formatting for mobile, and common mistakes that reduce trust and sales.

102 Prompt 102

Create a homepage featured collection section copy for a store selling sustainable kitchen products, including section headline, subheadline, 3 product teaser descriptions, and view all button text, designed to guide shoppers from browsing to product pages smoothly.

103 Prompt 103

Generate a set of 8 educational email topics that nurture customers who bought a sourdough baking kit, including troubleshooting dense crumb, shaping tips, flavor variations, storage, gifting loaves, and community recipe share, building loyalty and repeat purchases.

104 Prompt 104

Write a detailed product page video caption script for a 30 second video showing a handmade soy candle being poured, including captions for each scene, highlighting small batch, natural wax, scent blending, curing, and hand labeling, for accessibility and silent autoplay.

105 Prompt 105

Create a collection page filtering guide copy for shoppers browsing a large collection of handmade soaps by scent family, ingredient, skin type, size, and price, explaining how filters work, how to combine them, and how to reset, written for mobile first shoppers.

106 Prompt 106

Act as an e-commerce content strategist and write a detailed blog post outline that supports a product page for a wool throw blanket, including intro, 5 ways to style it in living room, care tips, how to choose color for space, and internal links to related throws and pillows.

107 Prompt 107

Generate a collection page SEO description for a Shopify store collection of reusable kitchen products, including keyword rich intro paragraph, benefits of switching, what is included in collection, care notes, and a closing call to action that encourages browsing without hype.

108 Prompt 108

Write a detailed product launch checklist copy for a Shopify store owner launching a new handmade candle scent, covering product page setup, inventory, photos, description, email announcement, social posts, and post launch review tracking, in actionable checklist format for busy sellers.

109 Prompt 109

Create a set of 12 Pinterest pin title and description ideas for products from a handmade home decor Shopify store, each title should be searchable, benefit focused, and description should include styling tip and soft call to action to shop collection.

110 Prompt 110

Generate a detailed product page FAQ for a Shopify store selling a handmade wooden watch, answering questions about wood type, water resistance, sizing, battery, warranty, engraving options, and gift wrapping, in a clear reassuring tone that reduces pre purchase anxiety.

111 Prompt 111

Create a detailed product page copy test plan for a Shopify store selling reusable water bottles, including what elements to test such as headline, bullet order, image order, price presentation, and social proof placement, with success metrics and testing duration guidance.

112 Prompt 112

Write a detailed product page description for a handmade ceramic incense holder for meditation, including material, glaze, size, how to use with different incense types, cleaning, safety, and ideal placement for creating a calm corner at home.

113 Prompt 113

Generate a set of 10 product page testimonial prompt questions that store owners can send to customers who bought linen bedding, asking about sleep comfort, fabric feel, washing experience, color accuracy, and overall satisfaction, making it easy for customers to share specifics.

114 Prompt 114

Write a detailed homepage announcement bar copy for a Shopify store offering carbon neutral shipping on handmade home decor, including 5 variations for testing, each short, clear, benefit focused, and honest about what carbon neutral shipping means for that store.

115 Prompt 115

Create a detailed product page size and fit guide for a Shopify store selling handmade baby booties, including measurements in inches and centimeters, how to measure baby foot, growth room, yarn stretch, and how to choose between sizes for gift buyers.

116 Prompt 116

Create a detailed product page section for a Shopify store selling a set of 3 reusable mesh produce bags, including material, sizes, tare weight, washing instructions, what produce they suit, and how they replace single use plastic bags at grocery store.

117 Prompt 117

Generate a detailed product page comparison section for a Shopify store selling a natural dish soap bar versus liquid dish soap, covering ingredients, usage, longevity, cost per wash, packaging, and storage, helping eco conscious shoppers decide based on facts.

118 Prompt 118

Write a product page cross sell email for customers who bought a set of linen napkins, suggesting matching table runner, explaining color coordination, material consistency, care, bundle saving, and how it completes a table setting for hosting.

119 Prompt 119

Create a set of 12 Pinterest pin title and description ideas for products from a handmade home decor Shopify store, each title should be searchable, benefit focused, and description should include styling tip and soft call to action to shop collection.

120 Prompt 120

Generate a detailed product page FAQ for a Shopify store selling a handmade wool dryer ball set, answering questions about how many to use per load, lifespan, noise, chemical free benefit, pet hair removal, and storage, in a friendly educational tone for families.

121 Prompt 121

Act as a retention specialist and write a detailed abandoned checkout SMS flow of 3 messages for a Shopify store selling handmade candles, including timing, personalization, helpful tone, link placement, opt out note, and how to handle replies, without being pushy or misleading.

122 Prompt 122

Create a detailed product page section for explaining pre order for a handmade quilt collection, including what pre order means, production timeline, payment timing, shipping estimate, cancellation policy, and how customers will be updated, in transparent reassuring language.

123 Prompt 123

Write a detailed product page description for a handmade ceramic incense holder for meditation, including material, glaze, size, how to use with different incense types, cleaning, safety, and ideal placement for creating a calm corner at home.

124 Prompt 124

Generate a set of 10 engaging community discussion prompts for a Facebook group supporting students in a course about building a freelance portfolio, designed to encourage introductions, sharing wins, asking for feedback, accountability, and peer support without feeling forced.

125 Prompt 125

Create a detailed product page section for a Shopify store selling a set of 3 reusable mesh produce bags, including material, sizes, tare weight, washing instructions, what produce they suit, and how they replace single use plastic bags at grocery store.

126 Prompt 126

Write a detailed product page description for a handmade ceramic incense holder for meditation, including material, glaze, size, how to use with different incense types, cleaning, safety, and ideal placement for creating a calm corner at home.

127 Prompt 127

Generate a set of 10 product page testimonial prompt questions that store owners can send to customers who bought linen bedding, asking about sleep comfort, fabric feel, washing experience, color accuracy, and overall satisfaction, making it easy for customers to share specifics.

128 Prompt 128

Write a detailed homepage announcement bar copy for a Shopify store offering carbon neutral shipping on handmade home decor, including 5 variations for testing, each short, clear, benefit focused, and honest about what carbon neutral shipping means for that store.

129 Prompt 129

Create a detailed product page size and fit guide for a Shopify store selling handmade baby booties, including measurements in inches and centimeters, how to measure baby foot, growth room, yarn stretch, and how to choose between sizes for gift buyers.

130 Prompt 130

Write a product page cross sell email for customers who bought a set of linen napkins, suggesting matching table runner, explaining color coordination, material consistency, care, bundle saving, and how it completes a table setting for hosting.

131 Prompt 131

Create a detailed product page video script for a Shopify store selling a set of handmade wooden spoons, including opening lifestyle shot, wood grain close up, size comparison, use demo, care tip, and closing with gift angle, for a 40 second silent autoplay video.

132 Prompt 132

Generate a detailed product page FAQ for a Shopify store selling a handmade wool dryer ball set, answering questions about how many to use per load, lifespan, noise, chemical free benefit, pet hair removal, and storage, in a friendly educational tone for families.

133 Prompt 133

Create a detailed product page section for explaining pre order for a handmade quilt collection, including what pre order means, production timeline, payment timing, shipping estimate, cancellation policy, and how customers will be updated, in transparent reassuring language.

134 Prompt 134

Generate a set of 10 engaging community discussion prompts for a Facebook group supporting students in a course about building a freelance portfolio, designed to encourage introductions, sharing wins, asking for feedback, accountability, and peer support without feeling forced.

135 Prompt 135

Act as an e-commerce SEO writer and create a collection page SEO description for a Shopify store collection of reusable kitchen products, including keyword rich intro paragraph, benefits of switching, what is included in collection, care notes, and a closing call to action that encourages browsing without hype.

136 Prompt 136

Write a detailed product page FAQ for a Shopify store selling a handmade wooden watch, answering questions about wood type, water resistance, sizing, battery, warranty, engraving options, and gift wrapping, in a clear reassuring tone that reduces pre purchase anxiety.

137 Prompt 137

Generate a detailed product page copy test plan for a Shopify store selling reusable water bottles, including what elements to test such as headline, bullet order, image order, price presentation, and social proof placement, with success metrics and testing duration guidance.

138 Prompt 138

Write a detailed product page description for a handmade ceramic incense holder for meditation, including material, glaze, size, how to use with different incense types, cleaning, safety, and ideal placement for creating a calm corner at home.

139 Prompt 139

Generate a set of 10 product page testimonial prompt questions that store owners can send to customers who bought linen bedding, asking about sleep comfort, fabric feel, washing experience, color accuracy, and overall satisfaction, making it easy for customers to share specifics.

140 Prompt 140

Write a detailed product page section for a Shopify store selling a set of reusable silicone lids for bowls and jars, explaining sizes included, stretch fit, leak resistance, microwave safety, cleaning, and how they replace single use wrap for leftovers and meal prep.

141 Prompt 141

Create a detailed abandoned checkout email for a Shopify store selling handmade ceramic dinnerware set, including subject line, reminder of craftsmanship, care benefits, shipping timeline, FAQ link, and gentle nudge to complete purchase without pressure or false scarcity.

142 Prompt 142

Generate a product page headline and subheadline for a handmade linen table runner for everyday dining, focusing on natural texture, easy care, versatile styling for modern and farmhouse tables, and thoughtful gifting angle for housewarming and holidays.

143 Prompt 143

Write a detailed product launch social media caption set of 3 posts for announcing a new scent in a soy candle line, including behind the scenes pouring clip, scent inspiration story, and customer first impressions prompt, all warm and authentic for small brand.

144 Prompt 144

Create a detailed product page upsell copy for adding gift wrapping to a handmade baby blanket order, explaining wrapping materials, card inclusion, eco friendly packaging, how gift message is printed, and delivery experience for recipient, in a reassuring helpful tone.
